Incubator Factory For Sonoma Plan Of New Organization

Jail Breakers Escape But Are Caught On Freight Train

PATENTS OF THE KITCHEN BROTHERS TO BE ACQUIRED

Messrs. M. Dowd and George Crowe Interesting Sonoma Valley In Plan to Start Industry Here.

An incubator factory for Sonoma with employment for many people, and attention directed to this valley as a poultry and manufacturing center is the plan of a new company being organized to acquire the patents of the Kitchen brothers, inventors of the famous Sonoma incubator whose special features have already brought fame to the small factory established in Sonoma City by the Kitchens.

A company in which several leading business men are interested plans to re-incorporate the Sonoma Incubator Company for $50,000 and to acquire for $20,000 the patents of the inventor. The bulk of the capital is to be sought here in order to assure the building of the factory, for which Santa Cruz is also in the field.

Messrs. Mervyn Dowd and George Crowe, the former an expert salesman formerly connected with the University of California Extension Department, the latter well and favorably known here, are in the field now interesting local men in the project and report great success, with practical assurance that the plan to build a factory here will go through.

The Kitchen incubator features a particular type of tray and turning device, a burner which gives a temperature which never varies, particular type of air circulation and other distinct point in incubator manufacturing which are individual are has resulted in 15 to 20 per cent better results than the ordinary incubator, a three days' earlier hatch and labor saving through its special turning device which does away entirely with turning eggs during incubation. It has been adopted by the Must-Hatch, Pioneer and Sales hatcheries of Petaluma, and is commended by local poultrymen such as W. J. Otten, of the Sonoma Poultry Division of the Farm Bureau, who has had great success with his hatches. Mr. Otten declares the incubator almost automatic and its general use will greatly stimulate the hatching of baby chicks throughout this and other countries.

Raymond Kitchen, one of the brothers responsible for the patent, declares they have had inquiries from all over the world concerning the machine, although publicity has as yet been very limited.

That there is a big field for the invention and a future for the factory if located here there is no question. The plant is now located on Patton street where a limited number of the incubators have been made the past year or two.

MORE ARRESTS FOR LIQUOR VIOLATIONS

The past week has added other arrests to the big list already turned in by Deputy Sheriff Ryan. Among this week's infractions were E. Eraldi who was fined $400 by Judge Small and L. Quartaroli, upon whose hotel the officer swooped down Thursday.

Buchan's Shipmates Remember His Son

The ship mates of the late Ralph Buchan who met his death when the U. S. S. Destroyer Young, went down with other boats near Point Arguello, taking a dreadful toll of life some months ago, brought a ray of real happiness into the Buchan home at Christmas, by sending a beautiful gift to the little son of their loved companion. The survivors of the ill fated boat presented a handsome gold Elgin watch to Ralph Buchan Jr., inscribed as follows:

"To Ralph Edson Buchan, from his Daddy's shipmates on U.S.S. Young."

The gift brought happiness to the mother and widow of the late navy man and will be forever treasured by his son, for it tells of the regard in which the boys of the "Young" held Chief Pharmacist's Mate Buchan.

R. E. PERKINS TENDERS RESIGNATION TO BANK

R. E. Perkins who for the past 14 years has been the efficient assistant cashier of the Burris bank, has tendered his resignation and has retired from the Valley National Bank, with which he has been connected since his colleagues sold the Sonoma Valley Bank to the Central Commercial and Savings Bank. Mr. Perkins is known to hundreds of depositors throughout Sonoma Valley who will wish him every success after his many years of service in the local banking field.

Recently his eye sight has been failing him and he will now devote some time to building up his health and taking a much needed rest before deciding on definite future plans.

Mr. Perkins has been succeeded by Frank F. Wedekind, a director of the Valley National, who was named assistant cashier following the annual meeting of the bank officials last week Mr. Wedekind, Sonoma Valley rancher and former successful San Francisco business man has already assumed his new duties and is well liked by the public.

SONOMA TO HAVE COOLIDGE CLUB

Sonoma is to organize a Coolidge for President Club. There are many enthusiastic Republicans throughout the valley anxious to get on the roll of the new organization.

Date of a meeting to sign the roll will be announced later, or may be found out by communicating with Frank M. Burris.

Coolidge clubs are being formed all over the county, and in Napa county the leading Republican newspaper once so strong for Johnson, has declared for the candidacy of Calvin Coolidge, our present president of the United States.

Mrs. Whitmore has sold her place south of town to Mr. and Mrs. Du Bois and has gone to San Francisco to join her daughter, who is employed there.

Warrant From Montana Upsets "No Account Count"; Local Backers Are Surprised

On telegraphic advices and a warrant from Butte, Montana, where H. J. Binney, moving picture man is said to have pulled off fraudulent transactions, the big comedian was arrested at the studio of the Sonoma Photo Play Corporation Tuesday evening. Binney was finishing up scenes in the "Account of a No Account Count" when taken into custody. He was taken to Santa Rosa and there released upon bonds furnished by members of the Sonoma corporation recently organized to produce Binney's comedies. He vehemently denied any wrong doing in Montana, but acknowledged being the head of a moving picture venture there, where he declares he is still owed over $1600 for his services. Press dispatches from Silver Bow county state that Binney raised money for "The Vigilance Motion Picture Corporation" in Montana after which he faded away. Stockholders of the concern now accuse him of having obtained money under false pretenses.

Coming rapidly upon the heels of a local transaction in which Binney received $750 on a New York draft which came back marked "no funds" and was subsequently arrested when he failed to make good, local faith in the head of the Sonoma film studio has been sadly shaken. The draft incident was hushed up through community pride, when Binney gave a plausible explanation for drawing on New York and the bank dropped the charges against him when the money was made good by Sonoma Valley members of the corporation organized here to back up the enterprise from which Binney claimed outside capatilists had receded after promising to finance him in Sonoma.

The Sonoma Photo Play Corporation, headed by Morris Levy and associates had scarcely gotten under way when advices as to Binney's deals throughout the country began to accumulate. Prior to the warrant issued out of Butte, Montana, a telegram came from New York, from the office of the motion Picture Producers and Distributors of America, stating that he had been credited with promoting unsuccessfully projects in Idaho, Washington and Oregon. Advices also came from Seattle, that he had left there owing bills after successfully pulling off a "Prettiest Girl Contest" and a movie venture.

Despite an array of seeming references from big people in the moving picture business, and a glibe account of many stars he had started on the road to fame, Binney was found to be without many affiliations he claimed when investigated in the Southern California film colonies by a local bank president

The story is now current that if Sonoma people had not come to the rescue by making good his fluke at the local bank, that Binney would have been prosecuted and his baggage seized at a Sonoma Valley resort where he was several weeks behind in his board bill for himself and members of his company

The Sonoma Photo Play Corparation claims to have an iron-clad agreement with Binney whereby he agreed to take 40 per cent of the stock of the company for his services and profits in the picture making business. At a recent meeting, James Post of Boyes Springs, old time actor and retired capitalist, withdrew from the corporation in which he had been interested. He and Binney disagreed when the latter sought to abrogate a contract with Isabell Fletcher, former star and stage favorite, who claims she was engaged by the promoter and producer as a member of his company. Mr. Post, when interviewed concerning Binney's connection with fraudulent deals in Montana and elsewhere, declared that where there is so much smoke, there must be fire, and said he did not believe that Sonoma Valley wanted to proceed with a moving picture venture handicapped by a man with the producer's record.

Deputy Sheriff Ryan was recently advised from Truckee that a moving picture producer answering Binney's description had started a film colony there with a flourish of trumpets, but made his exit later, leaving a lot of deluded hero worshippers and bad debts behind.

Binney maintains that he is the victim of enemies intrigue and professional jealousy and will not only establish his innocence, but make his detractors pay.

Hilton Chipman, leading man of Binney's company, who claims he is owed several weeks' salary, yesterday sought to attach money on deposit in a local bank belonging to the Sonoma Photo Play Corporation. The stranded Thespian recited a tale of woe which included the story of being put out of his hotel without his breakfast, when the ghost failed to walk Thursday morning.

A dispatch from Santa Rosa says:

"Armed with warrant and extradition papers, Undersheriff Dayton O. Robinson is slated to leave Butte today for Santa Rosa to arrest H. J. "Josh" Binney, actor-director of the Sonoma Photo Play Corporation, on a charge of obtaining money under false pretenses, a complaint growing out of Binney's alleged connection with the 'Vigilante Moving Picture Company' of Montana.

"Binney, according to word received from the Butte Standard, was named in a complaint brought by E. J. Johnson, a railroad station agent, who purchased $450 worth of stock in the Vigilante Moving Picture Company. It is charged that Binney misrepresented facts in that he allegedly told Johnson that actors of national fame had been signed up, that 30 head of oxen had been purchased and that a scenario depicting the struggles of early Montana pioneers was in the possession of the company, according to the dispatch from Butte. These purported statements were untrue, so Johnson claims."

A number of school teachers throughout Montana are among the alleged victims of the moving picture promoter.

D. Volquardsed has completed a 204 foot well at the Steinkamp Resort at Sonoma Vista.

Fine Gift to Jack London Library

The Glen Ellen Women's Improvement Club reports a fine donation from George P. Brett of the MacMillan Publishing Company of New York who has sent a check for $100 and a box of Jack London's books for the memorial library.

The Women's Club has a proud record for 1923, for during the year $2229 was raised through entertainments and parties and donations toward the memorial library indebtedness. One of the notes coming due at the bank will be paid this month.

Contributors to the hope chest are urged to send in donations and to buy tickets by February 15th, when the beautiful chest and its dainty contents will be disposed of.

DOORS OF COUNTY JAIL OPENED BY CLEVER PRISONERS

Two Men Made Key Out of a Spoon and Fled, But Were Later Captured Near Here.

Making a skeleton key out of a spoon which was given them with their mess at the county jail, Seth Beal and Jack Flynn, prisoners, unlocked the doors of the Santa Rosa Bastile Tuesday and escaped.

They jumped a freight train after walking to Glen Ellen, and got as far as Napa Junction where they were apprehended.

Deputy Sheriff Joe Ryan and other deputies who were on the lookout for the jail birds expected that they might catch a freight out of Santa Rosa and went down to Napa Junction to intercept them. As the freight went through El Verano the escapes were seen perched on a flat car and when the train reached the Junction the officers with drawn guns approached the get-aways and took them into custody

The clever key made by Flynn from the handle of a spoon was tried out at the jail and worked like a charm.

Beals is an alleged post office burglar and Flynn was serving a term for violating the state fire arms act.

POPULAR TWIN SISTERS HAD SURPRISE PARTY

Misses Dorothy and Dorellis Breitenbach, popular twin sisters and social favorites, were the recipients of a delightful birthday surprise party at their home Monday evening, 35 matrons and young lady members of the N. D. G. W. arriving unexpectedly to celebrate the anniversary date. The sisters keep open house for their friends each year when their birthday, January 12th, arrives, but the party tendered them by the Native Daughters last Monday evening was the happiest celebration of the date yet, and will not soon be forgotten.

The Native Daughters brought individual gifts and also a big birthday cake, on which was the inscription: "Many happy returns of the day. N. D. G. W."

A social evening followed by a delicious repast was enjoyed by the young guests of honor and their visitors.

Mrs. A. Rovai returned Monday after a pleasant visit in Alameda with her daughter, Mrs. P. Zampa.

A crew of S. P. section hands have completed filling in some low places along the right of way near Snyder's. In wet weather the water at this point has flooded the railroad property and the work will be a great benefit.

The firm of Batto & Sons, leading feed company of the valley, are at work constructing a 60 foot addition to their warehouse at the S. P. yards here. Batto & Sons will use this for a distributing point for El Verano and vicinity. Mr. Monk, well known contractor and builder, is doing the work. The new building will be of galvanized iron.

Mrs. W. Wohlson of San Francisco has been enjoying a visit with Sonoma Vista friends.

Mrs. M. Schmitz after spending several weeks in bay cities with relatives, returned to her El Verano home recently.

Carl Weaver, who was taken suddenly ill at his home here last Friday, was removed to Santa Rosa to the General Hospital, where an operation for appendicitis was successfully performed. The young man's many friends are happy to learn he is doing nicely and will return home soon. Dr. A. M. Thomson of Sonoma performed the operation.

Mr. and Mrs. D. McCarthy were called to San Francisco by the death of Mrs. McCarthy's sister, Mrs. Emma Horner. Deceased had made many visits here and was well known. Tom Carroll, who many years ago started work with the S. P. Company as brakeman and later rose to passenger conductor, running out of Oakland, died in that city last week. Many of the old timers here remember Tom and were sorry to learn of his death. He was about 50 years of age and leaves a wife and family.

DAIRY INDUSTRY ADVANCES

The compilation of statistics relative to the manufacture of dairy products for the 12 months ended June 30, 1923, indicates that the dairy industry of the State of California is continuing to advance.

In round numbers, the annual production of butterfat has reached 120,000,000 pounds, which represents an increase of 14 per cent, or 15,000,000 pounds over the preceding year. The total valuation on the basis of the wholesale prices of dairy products in the final form, was in round numbers, $104,000,000, an increase of $7,000,000.

There has been an increase of 9,000,000 gallons of market milk distributed and an advance in the amount of manufactured dairy products with the exception of cheese. The decrease in the manufacture of cheese is probably due to the enforcement of legal standards and sanitary requirements. The manufacturers of undergrade cheese have found it more profitable to divert milk, which was formerly used in this way, to other channels of trade. Along with this increased production there has been an increase in the number of plants reporting the manufacture of dairy products. For the year ended June 30, 1922, 1241 reports from manufacturing or distributing plants were received. For the year ended June 30, 1923, 1285 reports were received from manufacturers or distributors of dairy products in the State of California. The figures given in this report are the amounts obtained by compilation from the books of the various plants reporting.

The distribution of the total butterfat among the several counties is based on estimates of the amount of raw material which originated in each of the counties as shown in the reports. In the case of maunfactured products each county is given credit for actual amounts reported. This indicates the relative importance of the different communities as dairy manufacturing or market milk distributing centers.

In spite of the increase of 15,000,000 pounds in the production of butterfat, the price has remained good. The higher priced forms in which butterfat is marketed, such as ice cream and market milk, show a slight decrease in price; whereas; the price of butter which is the principal form in which butterfat is marketed, was at least 5c a pound higher on the average. This is a manifestation of the increased appreciation whith the public has shown for butter of improved quality and uniformity.

Maintenance of uniform high quality is the most fundamental factor in assuring a good market for dairy products, a high price for butterfat, and continued prosperity in the dairy industry.

Statistics which accompany this announcement list the Sonoma Mission Creamery as among the manufacturers of Sonoma county.

Production of butterfat by counties in California during the year ended June 30, 1923, showed Sonoma county as producing 4,904,365 pounds.

The amount of butter manufactured in Sonoma county for the year ended June 30, 1923, was 5,568,983 pounds.

The amount of cheese manufactured in Sonoma county for the year ended June 30, 1923, was 87,399 pounds.

MOVING PICTURES AND FINANCING

The experience of Sonoma in seeking to get the moving picture industry interested here will be valuable to other communities, in addition to the experience we acquire, and we seem to be acquiring it fast.

We had no trouble to interest a producer in what Sonoma Valley had to offer—a piece of property finely adapted for a motion picture studio at a real price which was almost a gift and the man we interested assured the community that he could finance his own productions and needed only local co-operation, not local capital. Up to the point where no money was asked from the people of Sonoma Valley, the Index-Tribune believed and urged that the least the town could do was get behind the producer and give him every aid and encouragement. We inquired only into his professional experience in the movies, which seemed to be exceptional and into his gentlemanly attributes and that of his company. His personal attributes and letters from associates commended him as most desirable. He had some capital on deposit locally and seemed of good intent. This was all we cared to know until he later became involved financially and requested financial aid from Sonoma people.

Then the moving picture proposition for Sonoma became a matter of business. The Index-Tribune believed that the promoter's record should be looked into.

Business men and prospective backers were advised and urged by this paper to investigate the man whose venture they were asked to back. They made a punitive attempt to do so.

The Index-Tribune communicated with the Moving Picture Producers' Association of America, of which Will H. Hays, former post master general is the head, seeking information or recommendation of the man who was launching a drive to finance pictures here.

The answer was not reassuring.

Local business men were given this information and urged to wait before putting up their money. Their confidence in the big comedian was unshaken, however, and he shook them down for enough to start Sonoma's corporation. All investments are more or less a gamble. Perhaps, like Wallingford, Sonoma's magnate could make good for his big-hearted backers, but many sleepless nights may be avoided by communities anxious to interest the movies in their localities by investigating.

Investigate. It pays.

As for the moving picture business itself, we are as enthusiastic as ever in regard to it, but want the central figure in it to be clear-cut, at least, and inspire confidence. Sonoma Valley has exceptional qualities for the successful filming of pictures, including fine spirited citizenship which should not be imposed upon.

As the San Francisco Chamber of Commerce says, "There is no denying the many and real advantages that can accrue from a proper and logical development of a motion picture center, both from the standpoint of payroll, local expenditures, real estate, development and general publicity."

FOUR YEARS OF PROHIBITION

Four years of national prohibition in the United States are hailed with delight by the drys and dubbed a success by Commissioner Haynes. Success? bah!—it is a record of one of the most miserable and abject failures our government ever initiated or countenanced. Less whiskey withdrawn from bond—yes, and millions of gallons of jackass brandy made and consumed with no record and no revenue to the government and with awful effect on consumers.

Real crime goes unpunished.

Countless citizens are law breakers.

Spies and informants increase.

Patriotism is at low ebb.

Drunkeness has not been eradicated.

Civil war rears its head in Illinois where wets and drys clash.

The daily press is filled with accounts of scandal, crime and violations

The courts are clogged with bootleg cases.

Smuggling is a national problem involving intended expenditure of millions for gun boats to patrol our coasts.

Prohibition a success?

Only in the minds of those who delude themselves, or in the pockets of those who fatten on its pretense.

The following were re-elected on the Board of Directors: Frank M. Burris, Frank F. Wedekind, Jesse Burris, W. F. Clewe, Fred Bulotti, Joseph Keechler and S. Sebastiani.

SOLD EL VERANO PLACE

Molly Schwartz has sold her four and one-half acre place at El Verano to W. H. Preston. It was a cash deal, consummated by W. W. Carter, local real estate man.

MRS. WADSWORTH MOURNED HERE

Many old friends throughout Sonoma Valley were grieved to hear of the death in Alameda last week of Mrs. John Wadsworth. Deceased resided here for many years, first on the ranch near Vineburg, now owned by Ivan Anderson, and later on the Hyde tract, where the Wadsworths lived just prior to their leaving.

Mrs. Wadsworth was a good helpmate, devoted mother and a kind neighbor. She reared her only daughter to splendid womanhood and lived to see her married and to be proud of two lovely and talented grandchildren Doris and Margaret King of Alameda.

Surrounded by her loved ones and ministered to by her devoted husband Mrs. Wadsworth passed away at her daughter's home, where she had every comfort.

LOCAL AND PERSONAL

Supervisor Lowell reports that the contractors on the new state highway are moving their outfits from Napa county here and making ready to start work on the Schellville-Beltane road

Mrs. Adams and daughter, Cora, have rented the former G. S. Harris residence on Broadway and Mrs. Adams will fit it up for a private boarding house.

Mrs. F. T. Duhring of San Francisco directed the program at the Woman's Club social afternoon yesterday and Mrs. George Leiser was gracious hostess.

Mrs. Henry Bates went to San Francisco this week to consult her physicians and have blood tests made. She is slowing regaining strength, but stood the trip well and expects to return home shortly. Her husband, H. F. Bates, and local doctor, W. B. Hays, went to San Francisco yesterday to visit her at the hospital.

Mrs. J. Lundy, who has been visiting with Mrs. R. J. Snyder, returned to Alameda and Berkeley last week to witness the graduation of her son from U. C.

STEINKAMP'S HOTEL NEARING COMPLETION

The fine two story new hotel built by William Steinkamp to replace the buildings destroyed by the fire last September is nearing completion and will be a big improvement to Sonoma Vista. The resort is up-to-date, commodious and designed to give guests every comfort.

The building is ready for the electricians and will be wired at once by Contractor A. J. Martinson.

Mr. and Mrs. Steinkamp plan a big house warming and opening when the new hotel is ready for the 1924 season. It will be the first new resort ready for business at Boyes, although many others are either now building or being planned.

HIGH SCHOOL NOTES

In observance of Thrift Week, the history classes and some English classes are writing thrift compositions and speeches. The art classes are designing posters with the same subject in mind. Five dollars was offered by the P. T. A. to be divided into prizes for the best composition, poster and speech. Everyone is working industriously for the award.

Seventeen members of the orchestra, headed by Mr. Campbell, motored to San Francisco Sunday. After picnicking in Golden Gate Park and visiting the new aquarium, they attended the symphony concert at the Curran Theatre. They reported the music to be very beautiful, especially Beethoven's Symphony.

The art class is at present learning the fundamentals of pen and ink work. Later first class ink sketches will be turned out by this class.

A luncheon was given at the Napa High School last week for the girls' athletic managers and athletic instructors of the neighboring schools, to discuss the details of the girls' field and sport day, to be held in Napa on May 3rd. Eight schools will compete in the events, which include tennis, basket ball, base ball, track and relay races.

Last night (Friday) Sonoma's basket ball team played Tomales on the Tomales court. Our team made a much better showing than they did in the game with Napa.

G. Merz, a well known rancher of El Verano, has been appointed by Supterintendent Louise Clark as trustee of this high school to fill a vacancy caused by L. M. Bish removing from this valley to Berkeley.

There is little sickness in school at the present time, the attendance being very good.

Miss Florence Rolfe, vice principal and teacher of languages in this school has resigned her position, to take effect February 1st. She has received a position in Hollywood, not in the screen industry, or as a motion picture star, but to teach languages in the junior high school of that city. To take her place the Board of Trustees has elected Miss Alice Lighter of Portland, Ore. Miss Lighter has done graduate work at the University of California and has had two years experience as a high school teacher.

Among the Santa Rosa visitors were C. D. Barnett, Vernon Silvershield and Geo. Leppo.

MOURNS FAVORITE NEPHEW

S. Shocken was greeting old friends around town Tuesday. He still mourns his nephew, Bob Pasch, rising merchant of Los Angeles, who died recently after a three days illness from blood poisoning. A troublesome hair on his neck, pulled out by his barber, started the fatal infection.

Pasch had many friends here. He was 51 years of age at the time of his death.

VINEBURG NEWS

Mrs. Roy Hyatt, nee Florence Forni, is here from her home in San Bernardino county, and is the guest of her parents, Mr. and Mrs. E. Forni.

Emil and Henry Markt, two well known young gentlemen of this vicinity, are at present building a garage and repair shop at their place and will soon be ready for business. Good luck, boys.

L. V. Ristau, local merchant, has stocked up his store with a full line of staple groceries, tobaccos, and cigars.

Frank Allen thinks he's "just it" since he moved into his new barber shop. It's a cozy little shop, alright.

Since the advent of the new year Vineburg has taken on quite a move. Several new buildings are being erected and more are being contemplated. Every day will be Sunday in peaceful Vineburg in the near future. James Agustino, one of our leading capatilists is going to build an office buliding which will also house the new bank, so rumor says.

Mrs. August Figone, and son of San Francisco were the guests of Mr. and Mrs. John Batto several days this week.

Howard Knight of Schellville was a visitor in this vicinity last Tuesday.

Mr. and Mrs. Fred Batto and son and Miss Adele Andrieux attended the Hippodrome Theatre in Napa on Wednesday evening.

THE SONOMA VALLEY IMPROVEMENT CLUB

The regular meeting of the Sonoma Valley Improvement Club was held January 15th, President White in the chair. Considerable business of importance was transacted.

This organization is not confining its efforts locally but is embracing the entire Sonoma Valley in its forward movements. Muuc emphasis was placed in a eulogy to Harvey M. Toy, chairman of the Highway Commission, for the interest shown in his endeavors to improve and create new roads in this famed Valley of the Moon, the home of Jack London and of the most famous health springs, second to none in the world.

The Club unanimously voted Mr. Toy an honorary member and instructed the secretary to advise him of its action and to convey to him its appreciation of his good work.

Our financial secretary, H. Elliott, has been appointed deputy registration clerk for Agua Caliente precinct and has established his office in the club house, convenient to all his district. Jack Mueller had the distinction of being the first person registered from Fetters Springs. He carries the honor modestly.

Another pleasant feature before the close of the meeting was the nomination of Frank Campbell, vice president to the position of sergeant-at-arms. Let evil doers beware.

Our first anniversary promises to be a proud success by the sale of tickets. All the members are taking great interest and are on the "qui vive."

Dear Mrs. Murphy:—

I see my subscription to your valuable paper has expired. Inclosed find a money order to pay my subscription for the coming year. You will remember me. I met you at the Centennial Celebration last July. Sure it was applause to the Noble Pioneers, such men as Nicholas Carriger, William Hood, Col. Rogers, Patrick Lawler, Gen. Vallejo, the Poppe family, Breitenbach family, Judge Thompson family and many others. May their memory live for all time in the Great Beyond.

Wishing you all the compliments of the season, I am most sincerely,

Frances Lawler Thompson.

LAST Spring a total of 350,000 people were disappointed in not being able to obtain deliveries of Ford Cars and Trucks, as orders were placed faster than cars could be produced.

The demand for Ford Cars and Trucks this Spring will, according to all indications, be far greater than last Spring.

Winter buying has been increasing at a greater rate than ever before.

Over 200,000 people have already ordered Ford products on our purchase plan, the majority of whom will take delivery in the Spring.

The above facts are given with the suggestion that you list your order promptly with a Ford dealer if you contemplate the purchase of a Ford Car or Truck for use this Spring or Summer and wish to avoid delay in delivery.

SONOMA FARM CENTER NEWS

At the last regular meeting of the Sonoma Farm Center the following officers were elected for 1924:

Director—F. F. Wedekind.

Vice Director—Mr. McAllister.

Secretary-Treasurer—W. J. Otten.

After the regular business, R. A. Dow spoke at length on the betterment of rural mail service and asked that the patrons co-operate with the Post Office Department by having all mail boxes properly fastened to posts, have posts lined up with road and have all posts painted wwhite so as to be more readily discernable during dark and foggy weather.

Miss Myra Green spoke on Americanization, outlined the good work being done by her organization teaching adult aliens to read and write, and mentioned that we had over 700 illiterates in Sonoma county. The object of this teaching to to prepare these people so that they may more easily apply for citizenship. A number of blanks were left with members to be filled out by prospective pupils who desire to attend night school for this purpose. This instruction is free of all cost for any adult alien who wants to learn to read and write the English language.

The Farm Center passed a resolution to circulate a petition among the rural box owners to present to our representative in Congress, Clarence F. Lea, asking that an additional carrier be given Sonoma district, as the one carrier we now have is serving over 425 patrons daily. This is considered as being too great a burden for the good of the service, but with an additional carrier some of the outlying districts that are not being served now could be included in the two routes.

A handsome luncheon party at the Fairmont Hotel, San Francisco, was given last Thursday afternoon in honor of Mrs. Richard Briggs of Alesbury, Pa., by Mrs. Carl March Gardner and Mrs. Charles Edgar Lee. After a delightful repast in the gray room the enjoyment was prolonged for several hours by various pastimes. Mrs. Gardner is the mother of Neal Dodge ,of this place.

INHERITED MONEY BUT IS DIVORCED

Robert Carter, of Oakland, 19 year old nephew of the late Theresa D. Hall, widow of Robert Hall, pioneer wealthy resident of Sonoma, inherited money at the death of Mrs. Hall, but not matrimonial bliss. He married recently and is now being sued for divorce by his pretty young wife. In the divorce complaint Mrs. Lucille Carter alleges that he received $15,000 from Mrs. Hall's estate, and asks the court to enjoin him from disposing of any of his property. She seeks $1000 attorney fees, $250 court costs and $250 per month alimony.

She declares Carter boasted of his love and admiration for another woman and told her to get a divorce. She seeks to oblige him in the superior court of Alameda county, where the case will come to trial.

Robert Carter is 19 years of age and the son of the late Robert Carter, brother of the late Mrs. Hall. He is a step-son of Mrs. Robert Carter, who owns and resides on the Hall ranch, one of Sonoma Valley's finest orchards, for which $50,000 was recently refused.

40 YEARS IN ST HELENA

Bre'er Frank W. Mackinder this week celebrates his fortieth anniversary as editor and proprietor of the St. Helena Star. He certifies that St. Helena has treated him well, that it is a good place in which to live, and that he wouldn't mind living there another forty years.

Editor Mackinder is a thorough newspaper man and a gentleman of the old school who keeps up-to-date. He is broad as he is tall too. Congratulations, Mr. Mackinder from an old contemporary.

Mrs. Robert L. Pippey of Boyes Springs has been in San Francisco visiting her daughter. The Pippeys have resided at Boyes for the past four years.

JANUARY 23 OF INTEREST TO SONOMA POULTRYMEN

A series of meetings on brooding problems will be held throughout Sonoma county by the Agricultural Extension Service, co-operating with the Farm Bureau during the week starting January 21st. The Sonoma meeting will be held Wednesday, January 23, at the Otto Wald place on Spain street, next to the Sonoma Valley Hatchery, at 1:30 p. m.

The Kenwood meeting will be held Thursday afternoon, at the Women's club house.

Last year throughout Sonoma county and the rest of the state many poultrymen kept accurate records on their brooding operations. The data on these records have been compiled by the Agricultural Extension Service, and presents considerable interesting and valuable information on a number of different phases of brooding, such as average mortality, causes of mortality, costs of brooding and rearing pullets to three months of age, death rate by weeks, comparison of death rate with floor area, effect of time of hatch on results and feeding methods.

W. E. Newlon, extension poultry specialist from the University of California College of Agriculture, will conduct the discussion at these meetings. Many poultrymen will recall with pleasure and interest hearing Mr. Newlon on a previous visit to Sonoma county. Mr. Newlon is one of the most interesting speakers on poultry subjects who has ever visited Sonoma county and poultrymen in the county are assured of spending a most profitable hour in hearing him and discussing brooding problems with him.

SCHOOL TEACHERS TO HOLD MEETINGS

A series of meetings are to be held in Sonoma county by the general supervisors in different sections of the county. Each teacher should attend the meeting held by her own supervisor and is at liberty to attend any other meeting she so desires.

On January 26th, Miss Towle will meet the Sonoma section at the Rincon School. Demonstrations will be given in primary reading and advanced geography. Bring basket lunch. Coffee will be served.

All the supervisors will be present at all the meetings and general work of the elementary schools of the county will be discussed. Bring your problems for discussion and ideas on teaching methods. Bring children's work, devices for seat work, manual work, etc.

Please be prompt at all meetings, 10 a. m. to 3 p. m., so no time will be lost.

March 22nd is the date set for the meeting of the Sonoma county high school principals at the office of the County Superintendent of Schools at 10 a. m. It will be an all day meeting with an exchange of ideas and plans for co-operation between the elementary schools and high schools.

TRAVELING STORE TOURS UNITED STATES

A Graham Brothers ton and a half truck equipped as a sales palace and carrying a complete line of electrical supplies and radio equipment has proven an advertisement of striking effectiveness and a sales booster of no mean ability, according to B. J. Meyers, special representative of the Peerless Light Company of Chicago and driver of the showroom on wheels, which he has piloted some 4300 miles since leaving Chicago on September 9.

Information from Meyers regarding this long trip across the continent has just come to J. H. Williams, Dodge Brothers automobile and Graham Brothers truck dealer for Santa Rosa and vicinity and perhaps you have seen the truck with its display of electric lamps and fixtures on its trip through California.

According to Meyers, the complete itinerary of the sales palace calls for a 10,000 mile tour through the United States, covering the southwest and Pacific Coast, east again to New England and south along the Atlantic seaboard to Florida, the entire journey occupying about one and a half years.

Mr. Meyers spoke highly of the economical and dependable performance of his Graham truck over the variable roads encountered in New Mexico and Arizona and the cities and towns along the National Old Trails Transcontinental Route.

"Twenty-five dollars would more than cover my entire repair expense for the 4300 miles," Meyers stated, "and considering the weight of the special body and the number of holes in the roads of Arizona and New Mexico this repair expense is remarkably low."

The two year old son of Tom Triplette fell and broke his arm one day this week.

Mrs. E. Hoegemann of Schellville, mother of Mrs. Harold Pauli, fell and dislocated her shoulder recently. She was attended by Dr. Hays.
